'86 - ON THE RIGHT TRACK

We'll tell you straight: grammar school was dismal,
But since then, we haven't looked back
Our parents flashed the proper signal
To keep us all on the right track.

Cathedral meant another four years,
And in that time they gave us no slack.
We fought the demerits, the tests, and the tears,
And managed to stay on the right track.

Our teachers ushed us in the right direction,
And then we figured out the proper knack
For making good use of an apt education
That will keep us going on the right track.

It's funny about that four year sojourn,
You remember all of the good and none of the flack,
So now we find no reason to mourn,
Because we have stayed on the right track.

ALLLLLLL ABOOOARD!
